Thank you for letting me know and yes, if you could please do the others when you have the time, that would be great!

Thank you again,  
Jenny

Only the "Armenia" tab are the Juneau/Wood county samples. I can provide the counties for the other samples, but will have to do so when I get time. I'm out of the office today...busy wrapping up field work.

Hi Stan,

I was wondering if you would be able to provide the information below. My management has a question about it.

Thank you,  
Jenny

**Subject:** RE: Question about WDTCAP's Data for Juneau and Wood Counties

Hi Stan,

I have another question about the attached spreadsheet. I am guessing all of the homes in tab "ALL TSAMP 2018" are not in Juneau and Wood County, right? Are the 15 that are in the "15 Armenia" tab, the only 15 in tab "ALL TSAMP 2018" that are from Juneau and Wood Counties?

Would it be possible to label tab ALL TSAMP 2018 by county? I am curious if you have any from Portage County as well as some other counties.

Thank you,  
Jenny

Great question. No...the pesticides are in ug/L (ppb), and the nitrate is in mg/L (ppm). Sorry for any confusion on this.

Hi Stan,

I am working with Cheryl Burdett on the Juneau and Wood Counties nitrate issues. I am guessing the attached data, for ALL of the contaminants, is in mg/L. May you please verify that. Please copy Cheryl on your reply so she knows, too.

Thank you,  
Jenny
